PROFESSIONAL EXPERIENCE

Data Migration – BYMA & Nasdaq
Pigmalion Software
04/2023 – 08/2023 | Buenos Aires, Argentina
Participated in the migration of a large-scale database from Microsoft SQL Server to PostgreSQL, using advanced SQL queries to identify inconsistencies, validate data, and ensure data integrity.

Quickly acquired knowledge of Java and Nasdaq's framework, working with BYMA and Nasdaq teams to understand business rules and resolve technical requirements within tight deadlines.

Mobility Platform – Remisería FIRST
Pigmalion Software
01/2024 – 02/2025 | Buenos Aires, Argentina
Developed frontend and backend features for an integrated mobility system consisting of two mobile applications for passengers and drivers, along with a web-based administration platform. Also supervised and coordinated the work of another developer throughout the project.

Motorcycle Trip Platform – Velok
Pigmalion Software
06/2025 – 01/2026 | Buenos Aires, Argentina
Participated in the development of a mobile application for planning and taking motorcycle trips, featuring multi-stop routes, navigation, geolocation, and background tracking. Later assumed leadership of the project.

EDUCATION

Computer Engineering
Universidad Nacional de la Matanza
2023 – Present | Buenos Aires, Argentina

SKILLS

- Languages** — JavaScript, TypeScript, Java, Python, Dart
- Frontend** — React, Next.js, Angular, HTML, CSS
